Lorinda M. Baumgardner, Limited Practice Officer

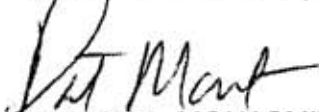

To Whom it May Concern:

I have known Paul Odian for the last seven years, both as a massage therapist and as a friend. Our small city has traditionally had up to five (5) resident massage therapists over the years, but none have offered the consistent, caring and quality service that is Paul's hallmark. My son, daughter and I have all been the beneficiaries of Paul's unique skills, from treatment of traumatic injury to the occasional back spasm. Paul's thorough and holistic approach has helped us maintain our active lifestyle.

Paul's relocation from Chewelah is a loss for me personally, but also our entire, close-knit community. Paul's combination of skilled therapy and a warm and gentle soul can never be fully replaced, but I'm sure those qualities will serve him and his new home and community well in the coming years.

Sincerely,

SKOK & MONASMITH, P.S.
